<input checked="" type="checkbox"/> Declassified	508
Class. Changed To:	TS S O
Auth.:	84 JOL 1978
Date:	
By:	OK

I would strongly recommend that you obtain, possibly through the CIA comptroller, a copy of the management survey of the US UN mission made by Mr. Macy of the Bureau of the Budget in the summer of 1953. Among the recommendations of this report is that the Department of State provide background briefings to the US UN staff on general world developments. The report also has a long section on intelligence support, the kind of files US UN should maintain, etc.
